## Two Routes, One Goal

Cost & Management Accountancy has two globally respected routes. CMA India (ICMAI) suits cost-control and manufacturing careers; CMA USA (IMA) is a fast, global management-accounting credential.

### CMA India — Three Levels

- Foundation: 4 papers — Accounting, Laws & Ethics, Economics & Management, Business Maths & Statistics
- Intermediate: 8 papers across 2 groups
- Final: 8 papers across 2 groups

### CMA USA — Two Parts

- Part 1: Financial Planning, Performance & Analytics
- Part 2: Strategic Financial Management
- 12-18 month completion is realistic

**Pass:** CMA India 40% per paper, 50% aggregate per group. CMA USA scaled score of 360/500 per part.

## First-Attempt Strategy

- Over-prepare Costing at every level — it carries the identity of this course.
- Attempt both groups together when possible; aggregate rules reward balance.
- Use ICMAI / IMA official material first; supplements only after.
- Practise numericals daily and cycle theory weekly.
- For CMA USA, build MCQ stamina: 100 MCQs in 3 hours plus essays.
- Track amendments — tax and law papers follow the latest Finance Act.

## Mistakes That Cost Attempts

- Neglecting theory papers completely.
- No essay practice for CMA USA.
- Skipping mock exams.
- Learning costing formulas without application.
