Understanding the Environment

- An ecosystem is a community of living things and their surroundings.
- Food chains and food webs show the flow of energy.
- Biodiversity is the variety of life on Earth.
- Natural resources are renewable or non-renewable.

Environmental Issues

- Pollution: air, water, soil and noise.
- Global warming and climate change are major challenges.
- Deforestation reduces biodiversity and harms the climate.
- The three Rs: Reduce, Reuse, Recycle.

Living Sustainably

- Save water and electricity at home and school.
- Plant trees and protect green spaces.
- Segregate waste and avoid single-use plastic.
- Small daily habits create a big positive impact.
