The New Structure

- NEP 2020 replaces 10+2 with a 5+3+3+4 school structure.
- Foundational, preparatory, middle and secondary stages.
- Teaching is matched to how children develop at each age.
- Focus shifts from rote learning to understanding.

What It Means for Students

- More competency-based and application questions in exams.
- Greater flexibility in subject choices over time.
- Lower-stakes assessment – e.g. Class 10 exams twice a year.
- Emphasis on skills, languages, sports and wellbeing.

How to Stay Ahead

- Understand concepts deeply instead of cramming.
- Practise application-style and reasoning questions.
- Build skills beyond the syllabus (coding, communication).
- Stay curious – adaptability is the new advantage.
